

# Dinosaur dig

Imagine that you are looking for dinosaur bones, and you find these dinosaur **skulls**.

Colour the skulls of the meat-eating dinosaurs red.  
Colour the skulls of the plant-eating dinosaurs green.

What clues  
do the skulls  
give you?

2 How did you know which skulls to colour red?

---

---

---

3 How did you know which skulls belonged to plant-eating dinosaurs?

---

---
